FOR IMMEDIATE RELEASE
April 11, 2007

TI causeway bridge closure changed to Friday, April 13

The navigation channel is open at half-width to mariners

Rainy weather on Tuesday of this week has required a scheduled Treasure Island Causeway Bridge closure to be bumped forward a day. The causeway bridge will now be closed on **Friday, April 13th from 9am to 7pm** for a road surface concrete pour. Bridge construction is on schedule with a projected completion in August 2007.

Detour routes

Westbound traffic on the Treasure Island Causeway will be turned back at 79th Street to Causeway Boulevard North or South. Eastbound causeway traffic will detour at 104th Avenue, except for local traffic to the Treasure Island Yacht Club and Paradise Boulevard. Detour routes to and from Treasure Island during the bridge closure are the Madeira Beach Causeway to the north and the Corey Causeway in St. Pete Beach to the south.

Notice to Mariners

Construction work at the Treasure Island Causeway Bridge will affect the accessibility of the channel to boaters.

The navigation channel at the Treasure Island Causeway Bridge will remain open at half-width during the next 2 months. A one-day closure of the channel is expected on or about April 18, 2007.

Mariners requesting information on the status of channel accessibility can call the Treasure Island Causeway Bridge Tender Control Room on channel 9.
