FOR IMMEDIATE RELEASE

NOTICE TO MARINERS: TREASURE ISLAND CAUSEWAY CHANNEL CLOSURES

TREASURE ISLAND (March 16, 2007) – Construction work during the next 60 days at the Treasure Island Causeway Bridge will affect the accessibility of the channel to boaters. A number of construction activities, progressing concurrently, will partially or completely close the channel during daylight hours. A list of closure dates and the work done at the channel is as follows:

- **Partial closure** 7:30am to 5pm weekdays. Barge will partially block the channel for installation of the fender pilings. CHANNEL HALF OPEN
- **Full channel closure on Wednesday, March 21, 2007 9am to 5pm** for installation of the steel toe section on the east leaf. CHANNEL FULLY CLOSED
- **Partial channel closure beginning Wednesday, March 21, 2007** for approximately four weeks as east leaf will remain in the lowered position. CHANNEL HALF OPEN
- **Full channel closure on or about April 18, 2007 9am to 5pm** for installation of the steel toe section on the west leaf. CHANNEL FULLY CLOSED
- **Partial channel closure beginning on or about April 18, 2007** for approximately four weeks as west leaf will remain in the lowered position. CHANNEL HALF OPEN

Mariners requesting information on the status of channel accessibility can call the Treasure Island Causeway Bridge Tender Control Room on channel 9.
