

**Request for Qualifications  
No. 18-19-05  
LAND PLANNING and ZONING CONSULTANT SERVICES**

**Addendum No. 1  
Issued February 21, 2019**

**Question:**

Is the City proposing an update per the minimum state requirements, or are they requesting a complete update of the data and analysis portion of the Comprehensive Plan as a part of this EAR?

**Answer:**

The City is pursuing consecutive projects:

- First project - The City of Treasure Island must complete the Evaluation and Appraisal Report per the minimum state requirements, by a date certain.
- Next project - The Consultant will update the City of Treasure Island Comprehensive Plan, based upon the recommendations of the Evaluation and Appraisal Report. Included in that effort of revising the City's Comprehensive Plan will be the update of the data and analysis.
